3. Upload Files

4. Check Files

5. Set Reviewer & Embargo

Provide citation information using one of the options below.

Option 1. Enter the manuscript and journal titles

Option 2. Search for citation in PubMed

Last 5 searches: 25907623, smith p[au], 23483596

Quick search for: Person, Person T, Al123456, Al654321, CA123456, CA234567, GM123456

Option 2 - Search PubMed: This option allows you to search PubMed by PMID, manuscript title, or author name(s). Once you input the string you want to use, click search for a list of results. Select your publication from the results list. The results list also indicates whether the manuscript was previously submitted by the publisher or is already in PMC.

Publications

Commentary on "Comparison of abiraterone acetate versus ketoconazole in patients with meta ... [Epub 2013 Urol Oncol

Option 3. Find citation in My NCBI Bibliography

Cancel Submission

National Center for Biotechnology Information

Option 3 - Import from My Bibliography: If you have a bibliography in My NCBI, you can select this option to browse your bibliography and select the publication from there. If you are not currently logged in through your My NCBI account, you will be prompted to do so upon selecting this option.

Please review the PDF Receipt, which summarizes the information entered into the system and merges the files into one viewable document. Once you have confirmed that all files, including supplemental material (displayed as placeholders) are included, click the "Set Reviewer & Embargo" button to proceed to the next step.

Please open and review the PDF Receipt to confirm that you have provided all the materials that make up your manuscript and that are referenced in the text, including any placeholders for supplemental file (if applicable).

You must review the PDF receipt file to advance to the next step.
